## **ANTI SLAVERY STATEMENT**

29 March 2016

### **Anti-Slavery Statement**

The LGC Group ("LGC") takes very seriously its obligations under legislation and guidelines; LGC will never knowingly deal with an organisation connected to slavery in any form. This statement sets out the action taken to ensure slavery is not part of LGC, as required by the Modern Slavery Act 2015 ("the Act").

Our business is the provision of a range of complex scientific products and services. LGC operates internationally and has little or no contact with consumers as LGC deals with commercial and public sector organisations to a large extent. Because of the nature of its products and services, and the type of customer with which it deals, LGC is not aware of any area of its operations which is likely to lead to breach of the Act.

### **Due Diligence and Supply Chain**

LGC does not, and will not, work with any party that we suspect is connected in any way with slavery. Checks are carried out before trade with any new supplier or customer and this due diligence is ongoing. These checks verify that the entity, and the individuals related to it, are not involved with, or suspected of, slavery, bribery, corruption or any other unlawful activity. LGC strives to comply with applicable laws, including the Act, and contractually requires any party with which LGC deals to do the same.

### **Effectiveness**

LGC is currently not aware of any issues related to the Act. Our plan is to continue to apply the processes detailed above to ensure this remains the case.
